

When we **skip-count**, we add the same number over and over.

EXAMPLE | Skip-count by 10's to fill in the blanks below.

10 , 20 , _____ , _____ , _____ , _____ .

To skip-count by 10's, we add 10 over and over.

$\begin{array}{ccccccccc} & +10 & & +10 & & +10 & & +10 & & +10 & & \\ & \curvearrowright & & \curvearrowright & & \curvearrowright & & \curvearrowright & & \curvearrowright & & \\ 10 & , & 20 & , & 30 & , & 40 & , & 50 & , & 60 & . \end{array}$

Practice skip-counting by 2's, 3's, 4's, 5's, 10's, and more.

PRACTICE | Fill the blanks in each skip-counting pattern below.

148. 2 , 4 , 6 , _____ , _____ , _____ , 14 , _____ , _____ , _____ .

149. 5 , 10 , _____ , _____ , _____ , _____ , _____ , 40 , _____ , _____ .

150. 20 , 40 , _____ , _____ , _____ , _____ , _____ , _____ , _____ , _____ .

151. 3 , 6 , 9 , _____ , _____ , _____ , _____ , _____ , _____ , _____ .

152. 4 , 8 , 12 , _____ , _____ , _____ , _____ , _____ , _____ , _____ .

153. _____ , _____ , _____ , _____ , 55 , 66 , 77 , _____ , _____ , _____ .

154. 99 , 198 , _____ , _____ , _____ , _____ , _____ , _____ , _____ , _____ .

PRACTICE

Count the number of dots in each pattern below. Try to find ways to count the dots in groups by skip-counting.

155.

_____ dots

156.

_____ dots

157.

_____ dots

158.

_____ dots

159.

_____ dots

160.

_____ dots

161.

_____ dots

162.

_____ dots

In a **Skip-Counting Honeycomb Path** puzzle, the goal is to fill every empty hexagon (⬡) with a number so that a skip-counting pattern forms a path that crosses every hexagon.

We skip-count by 5's to complete the Honeycomb Path below.

PRACTICE

Skip-count by the given number to solve each Honeycomb Path puzzle below.

163. Skip-count by 10's.

164. Skip-count by 2's.

165. Skip-count by 3's.

166. Skip-count by 5's.

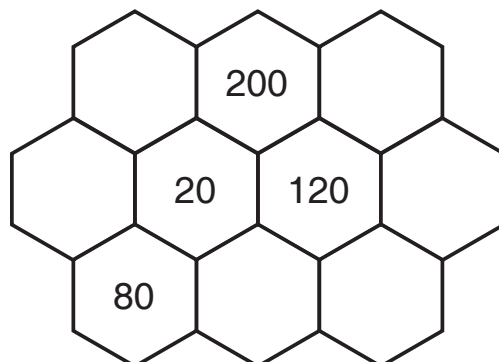

PRACTICE

Skip-count by the given number to solve each Honeycomb Path puzzle below.

167. Skip-count by 4's.

168. Skip-count by 20's.

169. Skip-count by 2's.

170. Skip-count by 50's.

171. Skip-count by 11's.

172. Skip-count by 9's.
